

Ms. Susan Lemson, MD, PhD, was born in Rotterdam and is general and vascular surgeon at the department of Surgery of the Slingeland Hospital in Doetinchem since 2006. She graduated in Medicine in 1992 at the Erasmus University in Rotterdam and was Research Fellow in Vascular Access at the Maastricht University Medical Center with dr. Tordoir from 1994 until 1998. Next, she trained as general surgeon in the Maxima Medical Center in Eindhoven and Maastricht University Medical Center from 1999 until 2004 and as a Fellow in Vascular Surgery at the Maastricht University Medical Center from 2004 until 2006 and was co-editor of the Dutch textbook of Vascular Surgery. Since 2014 she is Surgical Residency Program Director and coordinates the regional anatomy courses for surgical residents. Also she is a member of the Dutch workgroup on vascular access and is a vascular surgery representative in the Dutch Institute for Clinical Auditing, an institute that surveys the quality of key-procedures in surgery. She is a member of the organising committee of the 11th congress of the Vascular Access Society in Rotterdam.
